### USING YOUR HALO STICK

**Compatible with iPhone & Android**  
**Folding, Portable Design**

STEP 1: Screw on tripod base  
(if only using as handheld selfie stick, disregard this step)

STEP 2: Expand to desired length

STEP 3: Place Halo on a flat, stable surface

STEP 4: Unfold phone mount to desired angle and lock with turn knob

STEP 5: Insert your phone into the mount

STEP 6: Turn on ring light and press the button again up to 3 times for desired brightness

#### BLUETOOTH PAIRING:

STEP 1: When you have turned the remote on, it will automatically enter pairing mode. The LED indicator will begin to flash blue repeatedly.

STEP 2: Once in pairing mode, open the Settings menu on your smart device (smartphone, tablet, etc.)

STEP 3: Enable Bluetooth pairing and wait for your device to locate the shutter remote

STEP 4: When this happens, "OnAir Remote" will appear on the device list; select this option. Follow the prompt to pair the remote.

STEP 5: The LED will turn off after a successful connection.

#### CHARGING HALO STICK:

Connect to a power source via Micro-USB cable and Halo will begin charging

#### TROUBLESHOOTING:

If the Halo Stick malfunctions, do not attempt to repair it yourself. Doing so will violate the tzumi Warranty and may cause permanent damage. Instead, contact the Customer Support team at [tzumi.com/support](http://tzumi.com/support) for assistance.
