## PAIRING THE SPEAKER TO BLUETOOTH DEVICE

Make sure the Bluetooth function is available and enabled on your smartphone. Specific pairing procedures will be different depending on different smartphone models. For detailed information, please refer to your smartphone's User Guide.

- If no device connection is made within 10 minutes of the Speaker being switched on, the Speaker will automatically turn off to save power.
  - After a successful pairing, devices will memorize each other. Therefore, no manual pairing will be needed next time.
1. Keep the distance between the cell phone and the Speaker within 3 feet (for pairing only).
  2. Turn on the Speaker by pressing and holding the Power Button for 3 seconds.
  3. The tone prompt will sound and the LED light will flash blue. The unit will automatically enter into pairing mode.
  4. Activate the Bluetooth function of the cell phone to search for the Bluetooth devices. After finishing the search, select "Tzumi - AquaBoostBoom" in the device list displayed.
  5. Your AquaBoostBoom Speaker is ready for use.

## SPEAKER CONTROLS

### ON/OFF

Press and hold button for 3 seconds to turn the unit ON.  
Press and hold the button again to turn it OFF.  
The unit will turn itself off if inactive for 10 minutes.

### MUSIC

NOTE: The Music Function Control only works with Bluetooth devices that support the A2DP profile.

#### Go to next song

Press Button.

#### Go to previous song

Press Button.

### PLAY/PAUSE/ANSWER/REFUSE THE CALL

Press button to answer the call.  
Press and hold button for 2 seconds to refuse the call.  
Double press button to call back the last number.  
To hang up the call press again.

### VOLUME

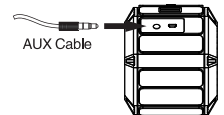

During a call or when listening to music:

**Volume +**  
Press and hold Button.

**Volume -**  
Press and hold Button.

## AUX MODE

Use the 3.5mm audio cable (included) to connect the Speaker to an audio source (MP3/MP4, mobile phone, computer). A tone will sound. The speaker will play the music from the audio source.

## IMPORTANT SAFEGUARDS

- Keep speaker away from any source of heat.
- Always adjust the speaker volume to a suitable level to avoid hearing damage or the damage to the unit.
- If not using the speaker for a long period of time, keep the internal battery charged (charge once every 3 months). This will extend the life of your lithium battery.
