

Pocket Juice 20,000 mAh with Power Delivery

tzumi

Please read this manual in its entirety before using your PocketJuice.

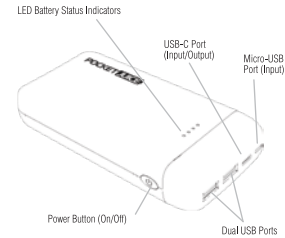

INTRODUCTION & FEATURES

With the PocketJuice 20,000 mAh Portable Charger you can take all your devices on the go and keep them fully charged all day long. Despite being super-slim and extremely lightweight, this external battery power bank has enough juice to charge multiple devices, multiple times over!

PACKAGE CONTENTS:

- 1 PocketJuice 20,000 mAh Portable Charger
- Micro-USB Cable
- USB-C Cable
- User Manual

PRODUCT OVERVIEW & FUNCTIONS

- 4 LED Battery Status Indicator Lights
- Universally Compatible with USB Devices
- Charge Multiple Devices Simultaneously
- Compact & Travel-Friendly Design
- Up to 18-Watt Power Delivery Speeds

CHARGING YOUR POCKETJUICE CHARGER

NOTE: Your PocketJuice charger comes pre-charged. Depending on a few factors, some of the battery might have discharged during transit.

QUICK POWER TEST: Perform the test by pressing on the Power button. The LED Battery Status Indicators will display the current power level.

VIA USB-C CABLE:

Connect the included USB-C cable to an AC wall adapter or computer/laptop USB port.

VIA MICRO-USB CABLE:

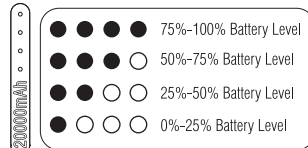

Connect the included Micro-USB cable to an AC wall adapter or computer/laptop USB port.

CHARGING YOUR SMARTPHONE OR OTHER PORTABLE DEVICE

NOTE: For best performance, make sure that the PocketJuice charger is fully charged before using it to power any devices. Refer to the opposite page for charging instructions.

1. Insert one end of the original cable or the original cable that came with your device into the phone. Insert the other end into the USB port of the PocketJuice charger.
2. Turn the power bank on by pressing the Power button (see diagram for reference). The charging time will depend on the type and brand of device. Your device will display the charging progress. When charging is complete, disconnect.

It takes approx. 10-15 hours to fully charge a PocketJuice Portable Charger from a depleted battery level. Once the charging process begins, the LED Indicator Lights will illuminate according to power level (see chart).

During the charging process, the LED Indicator Lights will remain lit until you disconnect your charger unit from the power supply.

NOTE: Once fully charged, the PocketJuice can re-charge most devices up to 11 times, depending on the battery capacity of the device and the condition and age of the battery.

SAFEGUARDS:

- Do not use this unit for anything other than its intended use. Do not attempt to disassemble or modify in any way.
- Keep the unit away from heat, direct sunlight, humidity, and all other liquids.
- Do not expose the unit to extremely high or low temperatures as this may damage the battery and cause explosion.
- Do not use if the unit has been exposed to wet/moist conditions. Exposure may cause electric shock and harm the user.
- This product is not a toy. Keep out of reach of children.

SPECIFICATIONS

Battery Type: Rechargeable Lithium-Polymer
 Battery Capacity: 20,000 mAh
 Micro Input: DC 5V / 2A, DC 9V / 2A
 USB QC3.0 Output: DC 5V / 3A, DC 9V / 2A, DC 12V / 1.5A
 USB Output: DC 5V / 2.4A
 Type C PD2.0 Input : DC 5V / 3A, DC 9V / 2A
 Type C PD2.0 Output : DC 5V / 3A, DC 9V / 2A, DC 12V / 1.5A

BATTERY DISPOSAL:

This product contains a Lithium-Polymer battery. These batteries are environmentally safe when fully discharged. Please refer to your local and state laws for proper battery disposal procedures.
